

**TSX-V: WEE**

**For Immediate Release**  
**July 26, 2004**

**Wavefront Energy and Environmental Services Inc.  
Obtains  
Multi-Point Monitoring Solutions Contract**

EDMONTON, Alta July 26, 2004 Wavefront Energy and Environmental Services Inc. (TSX Venture Exchange: WEE), a provider of innovative technologies for fluid flow optimization and monitoring processes, is pleased to announce that the Company has recently been awarded a monitoring project. The project's value will approximate \$520,000 and involves a multi-point pressure and temperature system to monitor pressure evolution of the reservoir during steam injection and oil production. This project illustrates the trust our clients have in the quality of our products and workmanship and the support we have provided them in the past.

***About Wavefront Energy and Environmental Services Inc.***

Wavefront develops, markets, and licenses proprietary technologies in the energy and environmental sectors. The company's *Pressure Pulse Technology* for fluid flow optimization has been demonstrated to increase oil recovery. Within the environmental sector, *Pressure Pulse Technology* accelerates contaminant recovery and improves in-ground treatment of groundwater contaminants thereby reducing liabilities and restoring the site to its natural state more rapidly. Wavefront trades on the TSX Venture Exchange under the symbol WEE and the Company's website is [www.onthewavefront.com](http://www.onthewavefront.com).
