Wavefront Energy and Environmental Services Inc.

Pressure Pulsing Technology Featured on CEOcast

EDMONTON, Alta December 6, 2004 - Wavefront Energy and Environmental Services Inc.'s (TSX Venture Exchange: WEE) President and CEO, Brett Davidson was interviewed on CEOcast on December 2, 2004. CEOcast notes its "programming is distributed to millions of on-line investors at over 700 financial web sites as well as to more than 20,000 portfolio managers, buy-side analysts and traders at more than 3,300 North American institutions." The interview featured the Company's *Pressure Pulse Technology* and its implications to the oil industry. A web cast of the interview can be found on CEOcast's web site www.ceocast.com.

The Company is also announcing that on November 26, 2004 TSX acceptance was obtained for the settlement of \$595,848 of liabilities through the issuance of 2,178,413 common shares at a price of \$0.285. Non-arms length individuals were issued 1,608,527 Common Shares to settle \$458,430 in liabilities. Of the total liabilities, \$548,630 related to prior cash advances to the Company and was used to advance the commercialization of the Company's *Pressure Pulse Technology*. The Common Shares are subject to a four-month hold period expiring March 30, 2005.

About Wavefront Energy and Environmental Services Inc.

Wavefront develops, markets, and licenses proprietary technologies in the energy and environmental sectors. The company's *Pressure Pulse Technology* for fluid flow optimization has been demonstrated to increase oil recovery. Within the environmental sector, *Pressure Pulse Technology* accelerates contaminant recovery and improves in-ground treatment of groundwater contaminants thereby reducing liabilities and restoring the site to its natural state more rapidly. Wavefront trades on the TSX Venture Exchange under the symbol WEE and the Company's website is www.onthewavefront.com.
