TSX-V: WEE

**WAVEFRONT ENERGY & ENVIRONMENTAL SERVICES INC.
CANADIAN PATENT NOTICE OF ALLOWANCE**

EDMONTON, Alta May 3, 2005/ Wavefront Energy and Environmental Services Inc., a provider of innovative technologies for fluid flow optimization and monitoring processes, is pleased to report that it has received a notice of allowance from the Canadian Patent Office for the "Enhancement of Flow Rates Through Porous Media", which the Company and Halliburton Energy Services market as "DeepWave". This first Canadian patent adds to the Company's growing intellectual property portfolio of three American patents, one Great Britain patent, and several patents pending.

In addition, and in connection with the Company Short Form Offering and non-brokered private placement that closed on May 31, 2004, the Company has applied to extend the expiry date of the 1,370,501 originally issued non-transferable share purchase warrants ("Warrants") from May 31, 2005 to August 31, 2005. The Company has also applied for a price amendment on 1,238,171 of the originally issued Warrants from \$0.55 to \$0.40. The remaining 132,330 originally issued Warrants will have no change in the exercise price of \$0.55. Directors of the Company hold 137,050 of the warrants being amended in price and all of the warrants in which the price is not being amended. As of the date of the news release none of the originally issued Warrants have been exercised.

About Wavefront Energy and Environmental Services Inc.

Wavefront develops, markets, and licenses proprietary technologies in the energy and environmental sectors. The Company's *DeepWave* technology for fluid flow optimization has been demonstrated to increase oil recovery. Within the environmental sector, *DeepWave* accelerates contaminant recovery and improves in-ground treatment of groundwater contaminants thereby reducing liabilities and restoring the site to its natural state more rapidly.
