About Wavefront Energy and Environmental Services Inc.

Wavefront develops, markets, and licenses proprietary technologies in the energy and environmental sectors. The Company's patented DeepWaveSM Technology is a proven and verified fluid flow optimization technique. Within the energy sector the Company's strategy is to license the technology to service providers, provide site licenses to oil producers, and to acquire or earn working interests in mature oilfields. In the environmental sector, DeepWaveSM is licensed to service providers who implement the technology to reduce long-term liabilities associated with contaminated sites.
