

**WAVEFRONT ENGAGES CASIMIR CAPITAL L.P.
as PRINCIPAL AMERICAN LIAISON**

EDMONTON, Alta November 22, 2011- Wavefront Technology Solutions Inc. (“Wavefront” or the “Corporation”, TSX-V: WEE), the leader in fluid injection optimization for maximizing reservoir oil recovery, is pleased to announce that has engaged Casimir Capital L.P. of New York, New York to act as the Corporation’s Principal American Liaison, responsible for providing guidance on OTCQX requirements, in connection with the Corporation’s planned listing on the International OTCQX.

OTC Markets Group Inc. provides the inter-dealer electronic quotation and trading system in the over-the-counter (“OTC”) securities market. OTCQX is the premier tier of the OTC market, and offers international companies a visible presence in the United States of America (“U.S.”), without the duplicative regulatory burdens of a traditional U.S. exchange listing. The International OTCQX is not a stock exchange, stock market or regulated market. International OTCQX is comprised of a community of public issuers with sound operating businesses that have agreed with Pink OTC Markets and each other to provide accurate, timely and reliable information to U.S. investors. The Corporation’s planned application to the International OTCQX is by no means assured, and all required listing requirements must first be met before a listing may be granted. Wavefront’s shares will continue to trade and will remain listed on the TSX Venture Exchange in Canada under the symbol “WEE”.

Wavefront President and CEO Brett Davidson commented: “we hope that the planned OTCQX listing will assist in the liquidity for our U.S. shareholders and provide Wavefront more exposure to U.S. investors, while Wavefront continues its commercial progress.”

In connection with the current trading activity and price increase, management is not aware of any other material undisclosed information.

ON BEHALF OF THE BOARD OF DIRECTORS
