

Press Release October 18, 2021

Wavefront Customer List Continues to Grow

EDMONTON, Alta., October 18, 2021, Wavefront Technology Solutions Inc. (Wavefront or the Company, TSX-V: WEE; OTCQB: WFTSF), wishes to announce that the Company has added an additional new US-based customer and received an initial purchase order for Powerwave®-related wellbore stimulations. The purchase order received by Wavefront for November 2021 has an approximate value of US\$80,000.

This new customer, who cannot be named due to confidentiality stipulations, is an independent exploration and production (“E&P”) company. Revenues will be recognized over the time-period the stimulations or individual performance obligation(s) occur. The customer has an aggressive monthly production optimization program and, based on historical Powerwave® performance should the customer see similar results, Wavefront foresees a high probability of being awarded such future work.

“We are pleased to add another E&P company to the Company’s expanding international customer base,” said Wavefront President and CEO Brett Davidson. “Wavefront continues to build a strong, global reputation with variations of the Company’s Powerwave® technology having been adopted by independent, multi-national, and state-owned E&P’s. We anticipate the addition of further new customers and growth opportunities in the near term,” added Davidson.

ON BEHALF OF THE BOARD OF DIRECTORS

WAVEFRONT TECHNOLOGY SOLUTIONS INC.

“D. Brad Paterson” (signed)

D. Brad Paterson, CFO & Director

About Wavefront:

Wavefront is a technology based, oil field service provider, focused on offering the oil and gas industry proprietary, leading edge technology primarily for oil and gas well stimulation and applications related to IOR/EOR recovery. Cautionary Disclaimer – Forward Looking Statement

Certain statements contained herein regarding Wavefront and its operations constitute “forward-looking statements” within the meaning of Canadian securities laws and the United States Private Securities Litigation Reform Act of 1995. All statements that are not historical facts, including without limitation statements regarding future estimates, plans, objectives, assumptions or expectations or future performance, are “forward-looking statements”. In some cases, forward-looking statements can be identified by terminology such as “may”, “will”, “should”, “expect”, “plan”, “anticipate”, “believe”, “estimate”, “predict”, “potential”, “believe”, “continue”, “working towards” or the negative of these terms or other comparable terminology. We caution that such “forward-looking statements” involve known and unknown risks and uncertainties that could cause actual results and future events to differ materially from those anticipated in such statements. Such factors include fluctuations in the acceptance rates of Wavefront’s Powerwave and Primawave Processes, demand for products and services, fluctuations in the market for oil and gas related products and services, the ability of Wavefront to attract and maintain key personnel, technology changes, global political and economic conditions, and other factors that were described in further detail in Wavefront’s continuous disclosure filings, available on SEDAR at www.sedar.com. Wavefront expressly disclaims any obligation to up-date any “forward-looking statements”, other than as required by law.
