Texas Client Issues Additional Well Stimulation Package

EDMONTON, Alta., November 16, 2021, Wavefront Technology Solutions Inc. (Wavefront or the Company, TSX-V: WEE; OTCQB: WFTSF), a technology service provider offering the oil and gas industry revolutionary technology that optimizes oil and gas recovery while minimizing the environmental impact of operations is pleased to share that the Company received an additional Powerwave-related well stimulation package from a Texas-based client with an approximate value of US \$130,000.

The client cannot be named due to confidentiality provisions. Revenues will be recognized over the time-period the stimulations or individual performance obligation(s) occur. The client continues to have an extensive backlog of well stimulations and are continually developing well stimulation programs for future execution.

“Although the commencement of previously announced work with this Texas-based client has been delayed due to the client’s supply chain issues, we are very happy to receive yet another well stimulation package that adds to our growing backlog,” said Wavefront President and CEO Brett Davidson. “Given Wavefront’s service quality and technology positive record the Company continues to attract attention from numerous potential clients, and we are optimistic that we will add additional customers prior to calendar year end.”

ON BEHALF OF THE BOARD OF DIRECTORS

WAVEFRONT TECHNOLOGY SOLUTIONS INC.
